

## II. TEACHING

### A. Classroom, Seminar, Teaching Laboratory

- 2016-2019 Medical student (M3) teaching session, Cardiovascular Disease, Carver College of Medicine, 1 hour/semester
- 2017, 2019 Human Organ Systems Course for Medical Students, MOHD1 Cardiovascular Computer Simulation, Carver College of Medicine, 2 hrs/semester
- 2018- CAPS III Small Group Leader, University of Iowa Carver College of Medicine

Note consecutive years with a hyphen; non-consecutive years are separated with a comma.

### B. Students Supervised

- 2012 Melissa M. Doctor, MSTP Program, University of Iowa Carver College of Medicine, laboratory rotation. Training: basic mouse surgery, measurement of cardiovascular rhythms and data analysis. Project: Contributions of the autonomic nervous system and skeletal muscle to cardiovascular disease. Abstract presented at American College of Physicians Iowa Chapter Annual Meeting, 2013.
- 2017 Kashvi Patel, MPH Program, Epidemiology, University of Iowa College of Public Health. Course of study: public health laboratory techniques. Presentation at Internal Medicine Grand Rounds.
- 2016-2020 Robert A. Student, PhD Program, Molecular Medicine. Training: aseptic recovery surgery in mice, assessment of respiratory functions in conscious mice, reflex testing in anesthetized mice, maintenance of DSI system, data acquisition and analyses. Thesis development; manuscript published in *Circulation Research*.

Each entry here can be slightly different, depending on the course of study. Be sure to note the student's name, year(s) of supervision/mentorship, the program in which the student was enrolled, their training or study, and any outcomes.

### C. Other Contributions to Institutional Programs

#### Formal Study to Improve Teaching

- 2001 The Millennium Conference I on the Clinical Education of Medical Students, American Association of Medical Colleges
- 2011-2013 Residency Curriculum: Tracking Resident Well-being and Burnout. Study supported by University of Iowa Hospitals & Clinics Graduate Medical Education Program; manuscript published in *Journal of Graduate Medical Education (JGME)*
- 2015-2020 Interprofessional Education I, II and III, University of Iowa Carver College of Medicine
- 2020 Skills for Educators: Interactive Lecturing, Carver College of Medicine

#### Local and Regional CME Talks

- 2007 Effective Teaching in Medical School. Presented at American College of Physicians Internal Medicine Meeting, Chicago, IL

Talks/presentations need not be listed again under another section, e.g., "Invited Lectures."
